Vision, Mission, and Values

EASTERN COLLEGE

The overall culture of Eastern is continuous improvement.

The members of our faculty and staff are dedicated, hard-working, and driven by our Mission, Vision, and Values. Helping students to become job-ready graduates is the common cause that unites us and pushes us to be the best we can be.

VISION

To improve lives by sharing our knowledge and passion for excellence.

MISSION

Helping students become job-ready graduates.

VALUES

Practice the following values in all of our relationships:

- **Integrity** - Do what we say we will do
- **Dedication** - Strive to be the best we can be
- **Readiness** - Recognize and react positively to change
- **Respect** - Treat people the way they want to be treated

"We don't receive wisdom; we must discover it for ourselves after a journey that no one can take for us or spare us."
- Marcel Proust

This is a pandemic love story. In the fall of 2019, I met and fell in love with the most wonderful and supportive woman in the world. Then came the spring of 2020, and COVID. Things changed, for everyone. Rather than be apart, geographically, or through lockdown, we decided to move in together. That was the first step in my journey.

It was Katrin that thought that it might be a good idea for me to go back to school and pursue a career change. I was apprehensive. What was a guy rapidly approaching 50, going to study, and how after 20 years in the service industry, was he going to change career paths?

Proust said journeys are something we must take alone, but in my case, I had the amazing support of Katrin, and all the facilitators and administrative staff at Eastern College. All I can say is thank you to all of them and never be afraid to take that educational first step.

Valedictorians

Jennifer Davis

Personal Support Worker, Fredericton Campus

When I decided to go back to school, I was terrified! I was a mom who had a dream, but I was not sure I was mentally and emotionally ready to take on the role of being a student again. I quickly realized that the team at Eastern College had our backs from day one and they supported and encouraged us the entire way.

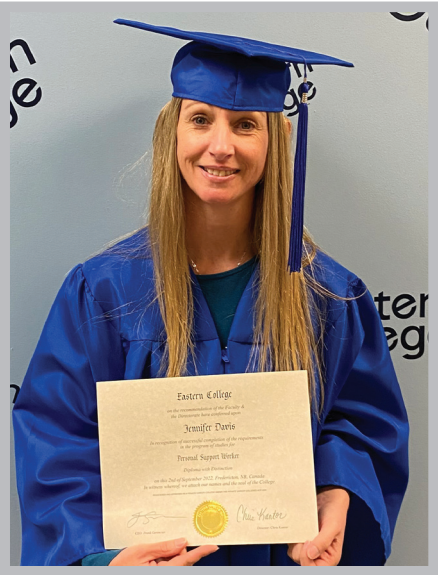

When I started the Personal Support Worker program, I also realized that there were so many of us with the same things in common; the reason why we wanted a new career. We were all kind, caring and compassionate and had stories about how we wanted to improve the lives of others. We were all juggling school, families, and jobs. These common threads helped bond us together.

We all worked together as a group, we supported each other through the tough stuff, and we celebrated all our victories together. As we always would say to each other before any test, “We’ve got this”, and we were always able to prove it!

We became more than classmates. We became a little family where we cared about each other outside of the classroom.

I am so proud of each one of you! We did it! We now have the job that we all wanted at the beginning of our journey! Thank you to the staff of Eastern College for caring about our success!

Congratulations to all of you!

Joyce MacDonald

Continuing Care Assistant, Halifax Campus

Good afternoon everyone!

It is a tremendous honor for me to have been chosen as Valedictorian for the Halifax Campus. I am very touched to be able to say a few words.

Most of us in this class of Graduates had met through teams many times before our actual in-class instruction had begun. It was still an adjustment for many of us to be back in the classroom after x number of years though. Each of us had many different learning styles, from the “Intense note taker”, to the one with the “detailed drawings”. None of that really mattered....in the end we pulled together and helped each other to overcome obstacles and achieve our goals!

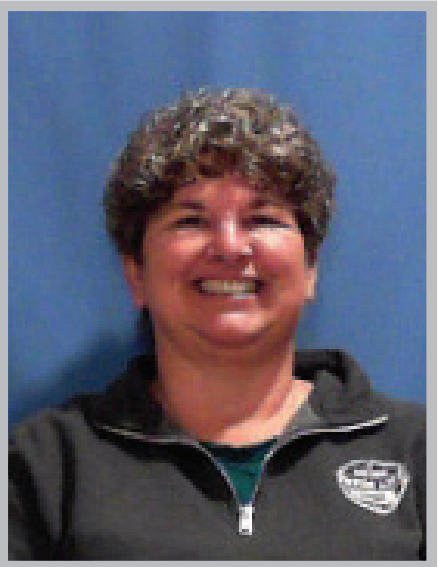

I’m sure you can all agree that the small class sizes, allowed for a very close group of classmates, sharing laughs, and of course coming together through the emotional and sometimes difficult times as well. There was always someone to talk to, share our struggles and find solutions to problems.

I would like to personally send a huge thank you to our instructors. You made all the difference in the world to us. Each of you are unique in your own way, and always kept it interesting. Anita, Paddy, Doug, Cathy, Michael, Greg and Steve, without you, we wouldn’t be here today.

I also want you all to know that you should all be very proud of yourselves. We all worked and studied very hard to make it to the end! I know that you are all very capable, competent, and caring and will do very well on your chosen path.

I would like to close with a quote from C.S. Lewis,

“You are never too old to set another goal or to dream a new dream”.

Valedictorians

Allyson Williamson

Massage Therapy, Moncton Campus

Good afternoon faculty and fellow graduates,

Today, we celebrate our accomplishments. Our time at Eastern College was certainly no ordinary feat. We had to navigate our way through a pandemic with online learning, or a mixture of both online and in person, while also challenging ourselves everyday within our programs. Although COVID was difficult, many of us had other obstacles that we had to face. Whether it was moving to a new place, the loss of a loved one, or trying to juggle life outside of school. We all pushed ourselves to work hard to make it here today, and for that, you should be extremely proud of yourselves. One of the best parts of being at Eastern College was meeting all the amazing people along the way. I have made some great memories with even greater friends, and I am forever thankful for the ones that I continue to create memories with. As we all start our next chapter in life, keep up the hard work and determination that got you here, and you'll do amazing things.

Congratulations graduating Class of 2022, and best of luck to you in your future!

Meagan Clifford

Massage Therapy, Saint John Campus

It is an honour to be chosen as Valedictorian at Eastern College for 2022. Congratulations to all of the graduates this fall! Each of us has had our own unique experiences along the way, with a combination of good times and bad times, times of laughter and of joy, and of course, times of last-minute studying for that exam we forgot was taking place the next morning. That happened too many times for my liking.

I would like to thank everyone who made our time here a memorable one. Especially our instructors, staff, family, and friends. Our college experience wouldn't have been the same without the continued support.

You all should be very proud for getting where you are today. Through all the diversity and the many challenges, we faced these last few years, this accomplishment should feel especially rewarding. As this chapter in our lives comes to an end, I hope that each of you achieve everything that makes you

Staff & FACULTY

A Message from our Faculty & Staff

Your experience at Eastern College has prepared you well for this moment. Your instructors have helped you learn and solve problems using innovation and creativity. You have grown, personally and intellectually, and developed the skills to help you succeed, no matter what path you choose to pursue.

The entire staff and faculty have been inspired by the resilience, determination and compassion shown by our 2022 graduates. We recognize the strength of character that is yours and know you will succeed in a future filled with all the dreams and desires closest to your heart. For years to come this special edition Graduation Celebration program will serve as a reminder that in the face of adversity, the Class of 2022 demonstrated courage and determination.

While looking ahead, remember that you are and will always be part of the Eastern family. Congratulations on your achievements! We can't wait to see where the future takes you.
